## The Log Cabin Special

By Silas and Walker (Log Cabin)

If you're at camp it's really hot so try to enjoy some water spots. Then you'll hear about all the fun things at council ring. Once you're done having some fun come back to council ring and then pick out some more fun stuff. Go to your den and eat some things. Then go to council ring and pick out fun things for the afternoon. Then say your goodbye to your fun day. Then come the next day to Whippoorwill.

Teepee campers pretend they're freezing in the summer temperatures. This week was very hot but we kept cool with lots of water activities!

## Jolly John

By Charlotte, Madz, Lynden and Evelyn

There was a jolly donkey  
His name was Jolly John.  
He was really chunky  
Because he ate flan at dawn.

There was a jolly donkey  
His name was Jolly John  
They told him to stop  
But he kept going on.

There was a sad donkey  
His name was Sad John.  
He was really chunky  
Cause he ate his flan at dawn.

There was a sad donkey  
His name was Sad John.  
He was really sad  
Cause he got picked on.

Then along came Lucy  
She was a silly goosey  
She saw Sad John and she said  
What's going on.

He told her the story  
and all its flan-filled glory.  
Then Lucy said,  
It's okay to be chunky  
Cause you are beautiful.  
And you're my favorite donkey!
